

ARMED ILLINOIS MINERS MARCH

U. S. CAUSE OF ALL MANDATE DELAY, IS CHARGE OF CECIL

SOUTH AFRICA DELEGATE TO LEAGUE BLAMES AMERICA.

STATUS 'NEGATIVE'

Note Should Have Been Received Earlier, Plaintiff of Sir Robert.

[BY ASSOCIATED PRESS.]
Geneva.—Charges that the "purely negative" position of the United States had been responsible for the delay in the application of mandates by the League of Nations, were made by Lord Robert Cecil, representative for South Africa, at Thursday's session of the assembly of the league, which took up a general discussion of the accomplishment of that body to date.

Note Late Charge.
A flurry of interest spread over the audience as the South Africa delegate rose and announced he wished to speak on mandates. Lord Cecil reviewed the whole mandate question, during which he took occasion to refer to the position of the United States but also the lack of publicity permitted by the recent meeting of the council of the league.

Regarding the note recently sent by the United States department of state, he said that international affairs would have been better advanced had it been received earlier.

Action Is Urged.
"These territories," he said, referring to the countries over which mandates were provided by the covenant of the League of Nations, "must be safeguarded by the covenant, must be longer be left in their present situation, deprived of a definite status or a definite development."

He said he did not want to appear to criticize the United States, "but the mandate should be settled in the interest of the peoples directly entrusted with them and without further delay."

"While the interests of mandated peoples," Lord Cecil continued, "are safeguarded by the covenant, they are not yet so safeguarded by the league organization."

The mandate, he added, must not be "camouflaged."

Source Commission.
The South Africa delegate scored the military commission of the league, which he said, had been studying disarmament for a year and a half without formulating a single constructive suggestion regarding disarmament, without which no power or organization would ever be able to make progress toward permanent peace.

The world cannot afford to be on spending 20 per cent of the government outlay for armaments, he declared.

"What the world needs," he asserted, "is the revival of the industries of peace to solve the economic problems of the world."

The distraction of 20 per cent of the government's efforts on armaments is the reason for high prices, he declared.

Declaration Is Asked.
He introduced a resolution providing for an immediate definition of the mandates of the A. and B. classes and situated:

"Nations are going on building armaments with which to tear one another to pieces, and in so doing they are tearing themselves to pieces."

Lord Cecil, in concluding, demanded with great energy that the league continue its work of disarmament without interruption.

Quick Action by This Maiden Rescues Man From Suicide

Miss June Thorpe and the revolver she took from young Buckman.

Miss June Thorpe, a more slip of a girl, was out for an evening stroll in Chicago recently when she overtook a youth flinging the trigger of a pistol in the air. She leaped and grabbed the gun away and spent the next hour and a silver dollar in convincing the lad that he wanted to live. Jack Buckman was the boy's name. He is twenty-three years old. Miss Thorpe, who is engaged to marry a Montana rancher, says she has had much experience with revolvers.

Smith Bares Attempt to Discredit Agents Enforcing Prohibition

[BY ASSOCIATED PRESS.]
Madison.—An elaborate attempt apparently is being made by elements opposed to prohibition enforcement to discredit agents of the state prohibition department, it was learned here today.

Thursday, he made a public reference to the situation in Milwaukee, where warrants were sworn out for three deputies charging them with assault.

Farce Shown Up.
"Reports of my men show that two of them, Hanning and Bloodgood, were not present. When the alleged assault was committed, they were not there. The principal figures according to newspaper reports, took place. When these deputies demanded that the warrants be served on them, the whole farce was shown up, and the matter dropped, but only after wide publicity had been given."

The organization known as the Camels apparently is behind an attempt to discredit the state prohibition forces and intimidate local police officers from enforcing the law.

Arrests Each Day.
"These men are working for prohibition enforcement in Wisconsin are of too high a type to be parties to any discreditable acts, and such attempts at sensation as certain opposers are making, will not avail them anything."

Mr. Smith said the Milwaukee saloon men might better plead guilty to charges against them so his men could leave the city for other parts of the state, inasmuch as they continue to make several arrests each day they remain.

Reds Slay 61, Charged With Plots

PAIR CONFESSES ATTACKING WOMAN NEAR WATERTOWN

THIRD MAN IS HELD BUT WILL FIGHT CHARGE.

CLEAR MYSTERY

House Fired for Spite After Moonshine Debauch, Assertion.

[SPECIAL TO THE GAZETTE.]
Watertown.—Two of the three young farmers arrested early on Wednesday in connection with the mysterious attack on Mrs. Schlessor, and the burning of the Schlessor home on a moonlit night in Jefferson county a month ago, have confessed and asked to be taken into custody at once in order to plead guilty, according to District Attorney J. P. Twining.

The third man, Herman Freitag, 25 years old, although implicated in the alleged confessions of the other two, has steadfastly refused implication in the crime and declared he will fight the charge.

The two men who will probably be arraigned before Judge George Grimm in the circuit court at Jefferson, Wis., next Monday morning, are charged with assault on Mrs. Schlessor, 22 years old, and Herman Voss, 22 years old. All of the men are residents of the same rural community in which the crime took place.

Mystery Cleared.
According to the alleged confession of Voss, the trio had been attending a county fair, and had indulged in excessive drinking. On their way home late that night, they passed the Schlessor home and someone, Voss couldn't remember who, according to the authorities, suggested that they "have some fun."

They gathered some shingles and were in the act of saturating them with kerosene to place on the front porch when Mrs. Schlessor appeared. They fled to their homes before aid arrived.

Country Side Aroused.
The entire country was aroused by the vicious crime and an investigation was conducted from several angles. Neighbors extended aid to the homeless and outcast family, and indignation meetings were held at which a sum of money was subscribed to engage a private detective agency to work on the case, the (Continued on Page 5.)

REPEAL OF EXCESS PROFIT TAX ASKED

Substitute Assessments Urged on Committee by Secretary Mellon.

[BY ASSOCIATED PRESS.]
Washington.—Repeal of the excess profits tax, retroactive to last Jan. 1, and the capital stock tax, effective next Jan. 1, was recommended to the senate finance committee Thursday by Secretary Mellon.

To make up the loss for this fiscal year, the secretary proposed retroactive repeal of one-half of the transportation tax until Jan. 1, 1923, a manufacturers' tax on cosmetics and proprietary medicines and an increase of 5 per cent in the normal income rate on corporations, making the total 15 per cent, instead of 12 1/2 per cent as provided in the House bill.

The secretary also recommended elimination of all income surtax in excess of 25 per cent, effective Jan. 1, 1922. The House bill provides a maximum rate of 35 per cent, but the secretary said the committee in its judgment the lower rate would yield a greater return by making possible so many more business transactions than would occur if the higher rate were maintained.

The conference between Mr. Mellon and the committee will be continued late Thursday. It was said there was no discussion of the first session of the new taxes, much of the talk revolving around government expenditures for this fiscal year. The secretary placed the total estimated expenditures for this fiscal year at \$3,324,000,000, of which \$800,000,000 would come from customs and non-tax sources, leaving \$2,524,000,000 to be raised from the normal tax. The secretary said the normal bill with the changes as recommended by him Thursday would provide slightly more than this sum.

Protection Sought from Bombers

Atlanta, Ga.—Military protection for employees and property of the Atlanta, Birmingham and Atlantic Railway will be requested by Gov. Hardwick, as a result of numerous cases of dynamiting of the road's freight trains, it was stated Thursday by Col. R. L. Bugg, receiver for the road, following the wreck of a freight train on the outskirts of Atlanta, Wednesday night in which the engineer was killed and several negro trainmen injured.

John E. Morris, of Fitzgerald, Ga., the engineer who was killed last night, was the first person to lose his life as a result of various attacks, but a number of employees have suffered injuries and an engine derailing last week as a result of a shooting attack. The acts have followed a strike on the road last spring which resulted in the union employees, who were dismissed, being replaced by non-union workers.

PAPER TRAIN LATE
The C. & N. W. morning "paper" train, due here at 5:30, was two hours and 20 minutes late Thursday morning, owing to engine trouble.

Homes Deserted as Armed Miners Move on Ill. Town

[BY ASSOCIATED PRESS.]
Elizabethtown, Ill.—Eight hundred miners from the coal mines of El Dorado and Harrisburg were on the march to Rockford and this village early this morning.

From every dwelling and from the countryside, men with rifles and shotguns are preparing to meet the miners to keep the peace here at all events. Depredations have been few but the sheriff's deputies numbering 100, did not sleep Wednesday night.

Wednesday the miners, well armed, held up two trucks on the Harrisburg road. A sharp clash ensued between deputies and the miners and the latter retreated leaving three automobiles and four prisoners in the hands of the sheriff's posse.

More Join Marchers
More men joined the marchers Thursday morning. They said they were going to aid the strikers at the Fluoropar mines in this district, but what the bona fide reason is has not been stated. Many here think the miners are just having a holiday and when force enough is shown will break up and go home, though others are of the opinion that the large foreign element believes that loot will follow. Against this the people are armed. Houses are locked and the women have gone to safe places desiring homes on the line of march.

A clash is expected, with bloodshed, if resistance is offered, as soon as the miners disobey orders and get out of the main roads on private property. They cut the wires leading along the road. Stories that deputies had killed 25 men at the Fluoropar mine and other false rumors have been fed to the ignorant foreign element in the town until they are ready to go the limit in the march. The strike at the Fluoropar mine began last November and the mine has since been closed.

Issue Warrants for 40 in West Virginia Field
Logan, W. Va.—Some 40 warrants have been issued here for the arrest of men who, last week, are alleged to have formed part of the armed forces who marched on a coal mine in West Virginia field. The warrants were issued by Magistrate Gore at the instance of John Chaffin, prosecuting attorney of Logan county.

The British reply, written by Premier Lloyd George, says: "Government by consent of the governed is the basis of the British constitution, but we cannot accept as the basis of a practical conference an interpretation thereof which would commit us to any demands which might be presented even to that of a republic."

Mr. Lloyd George says he cannot believe a refusal to enter into conference would mean repudiation of allegiance to the crown and that if Mr. De Valera's real objection is a fear that British proposals offer less than liberty to Ireland, that matter can be discussed in the conference, it held.

Sinn Feiners Will Meet British Again to Talk of Peace

[BY ASSOCIATED PRESS.]
Inverness, Scotland.—Official confirmation that the British cabinet's reply to the latest note from Eamonn De Valera, Irish leader, which was dispatched to Dublin Wednesday night, invites representatives of the Sinn Fein to a further conference, was given here Thursday.

The cabinet asked Mr. De Valera to make a definite reply as to whether he was prepared to enter a conference to ascertain how the association of Ireland and the British empire can best be worked out on Irish nationalistic aspirations. He suggested that the conference be held in Inverness, Sept. 20.

Soviet Turns Down Aid from Allied Commission

Moscow.—The Russian soviet government has declined to permit the international Russian relief commission, recently appointed by allied governments to investigate food shortages in Russia, to aid in famine relief.

This decision was made known Thursday through a statement from the soviet government to the foreign minister to England, Italy, France and Belgium. The note says the soviet government regards the appointment of Joseph Nevels, a monarchist, as a monstrous insult at the fate of starving Russia.

The note recalls activities of M. Nevels against the soviet government when he was serving as French ambassador at Petrograd, and dismisses the entire proposal of the supreme council as unthinkable and designed to give Russia's enemies opportunities of spying into its affairs.

It emphasizes the willingness of Russia to accept aid for its famine-stricken population from the industrial powers, on such terms as those governing the relief work of the American relief administration and that of the international Red Cross, led by Frederic M. Nansen.

Murderess Is Given 20 Years

Ashland.—Mrs. John Kosciuszko, who confessed burning her daughter and two step-children in a barn at Lublin, Taylor county, last week, was sentenced to 20 years by Judge Risjord in circuit court here.

U. S. TAKES HAND IN ALLEGED RUM TRANSPORT CASE

BOAT CAPTAIN PLEADS NOT GUILTY AT GREEN BAY.

ONCE DISMISSED

Municipal Court Drops Action Because of International Aspect.

[BY ASSOCIATED PRESS.]
Green Bay.—Captain John Roen of the steamer Marquis Roen charged with transporting rum from Canada to Marinette, pleaded not guilty, before United States Court Commissioner Max H. Stenlow late Wednesday. The case was set for Sept. 20. Roen was released on \$1,000 bond and a \$2,000 property bond.

Roen was arrested Wednesday by United States Marshal Herman Scholomitz, who served a warrant from the office of United States court commissioner Kellogg of Milwaukee. He was taken to Green Bay where he pleaded not guilty.

The case was dismissed from the Marinette municipal court because of the international aspect. Prosecutor Murphy in moving for dismissal of the case said:

"In view of the fact that the case has an international and inter-state aspect and that I would be limited to prosecuting Captain Roen for offenses committed at this port only, and that the federal government could and is willing to prosecute him for offenses from Port to port along the route from Canada to Marinette, I believe that it is the judicious thing to do, and that it is a case which belongs in the federal court and not in a state court."

Wilson Disgrace to Boxing, Says Ring Promoter

Jersey City, N. J.—Johnny Wilson, middleweight champion, summoned by the New Jersey boxing commission Thursday to face charges that he broke his contract by giving a poor boxing exhibition on Labor day in his bout with Edwin Ward, Cleveland, Ohio, was continuing to deny that he considered the fight a farce.

Richard said he thought Wilson "a disgrace to the game," and "that he should be ruled out of the ring for life."

Jim Savage, who refereed the bout, declared if he had known of a precedent in championship encounters he would have "thrown both men out of the ring in the fifth round." He said he believed both fought honestly but that neither knew how to fight.

Richard contended that Wilson did not box as well as he had in the past. He said he had seen Wilson fight from his bout with Mike O'Dowd last winter, in which the Bostonian defended his title successfully. He noticed the commission that he had done well in the fight.

The referee, who had been brought by the charges, said he heard Wilson's second counsel him to continue keeping away from Downey and not to lead. Wilson denied this. The hearing was continued until Monday to allow Wilson and his manager, time to obtain counsel.

DELANAV YOUNG PEOPLE ARE WED

Delavan.—Miss Louise Kuebel, daughter of Fred Kuebel, Monroe, was married to Kenneth J. Delavan, a son of the late Delavan school at Rockford, Tuesday. Miss Kuebel has been employed in Delavan for four years where she met Mr. Steinbock, who is now a student at the high school and attended Gullot college at Washington, D. C. They will reside in Delavan.

HE SATURDAY PAPER WILL HAVE MANY NEW ATTRACTIVE FEATURES

As usual the Gazette Saturday will be an "Unusual Newspaper." There will be the story of how "Cy" Thomson stole \$1,182,000 and built the grandest chicken farm, fed the pigs in the parlor and fathered a highway through Wisconsin and into his home town in Minnesota. He was a clerk—but read the story and what happened to "Cy."

Another installment of the Booth Mackinson story, "The Ordeal," will be printed. That is a big enough feature in itself but it only one of many in the Gazette's Saturday menu.

A big round-up of timely illustrations on Saturday.

A new feature for the Boys and Girls this week—a lesson in drawing and a new comic strip.

SAMSON TO WRECK 180-FOOT TOWERS

Giant Steel Skeletons to be Razed for Use of Du Pont Company.

During the coming week Samson maintenance department employees are going to be human flies in the hazardous task of razing the steel towers to the main plant. They will unbolt and tear down section by section the 150 foot towers for the du Pont Engineering company to be used on other construction work.

The towers designed and built for pouring concrete, are the tallest in Wisconsin, according to building engineers. Although erected in the comparative lowlands of the Samson property, they form one of the tallest objects in the city and on clear days distant points of the county can be seen from the tops. When building was completed, the towers were not used, and later sold.

During the recent storm, it was feared that they would topple or buckle, although they are supported by 6000 feet of steel cable guy wires anchored in the ground. Steel workers will take the towers down piece by piece to be rebuilt where desired by the du Pont construction forces.

They were built with the Samson furnishing material and the du Pont Engineering company the construction. During a gale of wind the towers would sway many feet, the guy ropes fairly sing from the tension.

Mr. and Mrs. Roy Crall, Cary, Ind., are the guests of W. A. Owen, Terrace street. They have been on an outdoor tour of the state, Wisconsin, having spent the last week at Tomah with relatives. Mr. and Mrs. Crall are former residents of this city.

An Anglo-Danish technical society has been formed at Copenhagen for cooperation between Denmark and Great Britain in a number of lines.

Why we don't need a sewerage system in the fourth year for 50 years' one of the city officials told Mr. Kerch back in 1904. Four years later the siphoning system was put in across the river at Racine street and on through the Fourth ward.

But activity resulted in the connecting up of private sewers with storm sewers emptying into the river as a temporary service. Later as the big mains were laid, the storm sewer system was made entirely separate and the city's sewerage was diverted to the big outlet in Monterey. In some of the larger cities, joint storm and sanitary sewers are common.

FINE PEACHES ARE RAISED NEAR CITY

Peaches can be grown in Wisconsin. So says Mrs. Thelma Erickson of the human farm on the Milwaukee road just outside of the city limits.

To prove it she visited the Gazette office Thursday and exhibited specimens of free-stone peaches that she has grown from a pit planted seven years ago.

The first yield came this summer and consisted of two pecks and a half with the fruit averaging two inches in diameter and luscious. The tree itself is 15 feet high and 17 inches at the base.

STAR LEGION IN STATE CONVENTION

Women Gather in Fort Atkinson from all Parts of Wisconsin.

(SPECIAL TO THE GAZETTE)
Fort Atkinson.—Singing of patriotic airs, led by Mrs. Halsey Curtis, Port Atkinson, opened the third annual state convention of the Service Star Legion here at the Congregational church at 2 p. m. Thursday.

Delegates began arriving in the city from all over the state early Thursday and it was believed there would be 100 delegates before the convention closes Friday afternoon.

The Rev. G. S. Rogers gave the invocation. Mrs. F. W. Hoard, president of the Port Atkinson chapter, and treasurer of the state organization, welcomed the delegates.

Mrs. M. J. Wallrich, Shawano, responded for the northern district and Mrs. Louis Mangold, Milwaukee, for the southern. Mrs. E. Van Ostrand, Madison, president of the Wisconsin Legion and vice president of the middle west section, presided. Mrs. D. E. Rockwood, Oshkosh, delegate to the national convention last fall, gave a report.

DOUBT TARIFF ACT AT THIS SESSION

Not Good Year to Pass Permanent Legislation, Congress Attitude.

By DAVID LAWRENCE. Copyright 1921, by Janesville Gazette. Washington—The death knell of tariff legislation this year has been sounded. President Harding still expresses the hope that the tariff measure will pass this year, but the true state of affairs is that the tariff will not pass this year.

Other day prepared a speech for delivery in Cleveland, which has just been released and contains this significant prediction: "Referring to one phase of the economic situation, particularly the tariff, to thoughtful men there must be approval of certain limitations and disposition to be cautious and a determination to be careful in the consideration of this subject. I were to attempt to express a summing up of the present state of mind of congress and thoughtful men about the tariff, I would say that the tariff is not a good one to write a permanent tariff bill to last for many years to come."

Too Chaotic to Tell. "Conditions throughout the world are too chaotic to foretell exactly what is needed. The very basic conditions on which a tariff is built, namely, the cost of manufacturing and the value of the currency of the various European countries with relation to the value of our own currency is at the present moment as fluctuating as quicksand and as unforecastable in the future as the weather. A dependable tariff built upon such a foundation would be difficult to maintain. It has been thought by many that we could overcome these handicaps by a device which we called American valuation, and which provided that the duties should be estimated upon the duties levied at the time when they arrive in the United States and in terms of American money. Looking carefully into this, it has been thought that the device might not overcome the handicap and further might have a boomerang effect on our own interests. The end of it has been that we have appropriated \$100,000 to investigate what might be done to help us toward writing a permanent tariff."

Cannot Write a Tariff. "The conditions of fluctuation and instability which make the writing of a permanent tariff so difficult at the moment may in some measure be relieved after the disarmament conference has taken place and we have accomplished steps which the president has in mind for the adjustment of our international relations."

If Will Hays were simply the usual cabinet philosopher his utterances may not carry much significance as they do, but he was chairman of the republican national committee and managed the last presidential campaign, and during which time hopes for a tariff were expressed by many republicans only to be offset by vigorous opposition from New York bankers and business men, who believed that America as a creditor nation should not erect a tariff which would keep American ships from carrying return cargoes.

The truth is the administration has discovered that the export trade of the United States is not an insignificant factor in a business revival and that ways and means must be found not only to handle but to stimulate imports. To those who have contended that with improvement in international exchange and the rise in the purchasing power of Europe, American producers would again enjoy the world trade they have been having in the last few years, the tariff has seemed like an anachronism. The United States Chamber of Commerce has on many an occasion pointed out this difficulty.

Will Be a Tariff. The meaning of Will Hays' speech, therefore, is simply that the administration will eventually write a tariff bill to protect industries that need protection, but it will not commit itself to a blanket policy of protection that will keep out imports. It will try to write a tariff that will encourage imports that ought to be encouraged and discourage the kind that will ruin American industry. It is more of a job than was first reckoned upon and will not be disposed of as hastily as was the emergency tariff. The chances are that the disarmament conference which the postmaster general says may be a factor in the problem will not be concluded until the early part of next year. The American people can hardly expect a permanent tariff bill before 1922. They may be those who hope the job may be finished, but Will Hays told the inside story of the situation—the men who know tariff in the Harding administration are counseling caution and delay.

ATTY. CHARLES PIERCE SAYS TEXAS IS IN PRETTY HARD LINES

Wisconsin farmers who were attracted by the mirage of wealth through Texas fertilizer land in the Rio Grande valley and the tourist salesmanship of the land companies may now pool their cases in a series of libelations to be tried in Kansas City, Mo. With one case established in the Rock county circuit court in which Ernest Armstrong won a complete legal victory for \$53,000 judgment, all others who bought land and claim that they were defrauded are now seeking their claims in the Kansas City courts.

Pitiful tales of hardships, hunger, want and discouragements are reported among the northern farmers who sold out land in the corn belts states to buy the Texas property. Most of the buyers were people advanced in age, who had labored hard and honestly to obtain clear and debt free farms in Wisconsin, Illinois, Minnesota and Ohio and then to buy the alleged irrigated lands in Texas.

Charles E. Pierce, who with Henry Carpenter, won the Armstrong case before Judge Grimm, has now taken the case to the Kansas City circuit court, where the case is now being tried. The case is now being tried in the Kansas City circuit court, where the case is now being tried.

Attendance at Schools in County 4,200. Attendance in the Rock county rural schools is expected to be about 4,200, an increase over last year. Most of the rural schools started Tuesday.

COUNTY W. C. T. U. SUPPORTS HARDING

Adopts Resolutions Favoring Disarm Conference—Annual Meeting at Milton.

(By Staff Correspondent) Milton—With the session of Thursday afternoon at the Congregational church, the two day convention of the Rock County Woman's Christian Temperance Union came to a close. A message was sent to President Harding supporting the disarmament conference. It was as follows:

We, the citizens of Wisconsin, members of the Rock County W. C. T. U., express to President Harding our unqualified approval of his action in inviting the leading nations of the world to a conference for the reduction of war armaments, and to make it safe for final disarmament.

In her annual address, Mrs. Lucy Dickinson of Edgerton, president of the county union, pleaded for renewed cooperation along all lines of work embraced in the program of the W. C. T. U. She called particular attention to the things that had already been accomplished and for which the organization stood for 48 years under the splendid leadership of Frances Willard, a Rock county woman, and others. Now that some of the things had been done, it was the duty of the organization to go forward with the Americanization program and teaching the ideals of American citizenship.

To the foreign born resident there was need of a knowledge of English and respect for law. "It was not enough to merely pass resolutions," said Mrs. Dickinson, "but resolutions must be put into goods," and she discussed the program of school and home work and the necessity for the continued building of opposition to the propaganda of alcohol.

Memorial service was held under the leadership of Mrs. Carrie Dresser of Clinton. She spoke of Frances Willard and of Lady Henry Somerset, former president of the World W. C. T. U. For Clinton she called the name of Lois Russell, later Mrs. Massengale, who died in St. Petersburg, Fla., March 10. Other places answered and the roll of the dead included Mrs. Helen Emerson and the husband of Mrs. Clara Royce, of Beloit. Dr. Fred Colony of Edgerton, who passed away in January, was a son-in-law of the late Mrs. E. E. Pratt, a former member. Other Edgerton members or relatives of members, were Miss Winifred Quigley and James Edgar Greenwood, corresponding secretary; Mrs. J. L. Ford of Janesville, schoolmate of Miss Willard in the nut brown school house; Mrs. Benjamin Grove, who died at the home of her son in Chicago. To each of these travelers on the Great White Ship, Mrs. Dresser paid fitting tribute and eulogy.

For the Willard Memorial. Mrs. Dresser also gave an interesting report in her report of a full report of all the actions taken toward securing the Willard school and the property for the memorial. Other officers reporting were Mrs. Flora Rice, treasurer and Mrs. Sarah Greenwood, corresponding secretary. In the afternoon of Wednesday, Mrs. Flora Betts recited the Consecration prayer and Mrs. Bert Waterman sang.

Held Open Meeting. Wednesday evening's program was an open meeting participated in by many, with music and readings. There were solos by Leslie Bennett, Beth Brigham and Prof. L. H. Stringer. Mrs. Lizzie O. Middleton gave an address and Rev. Frank H. Burdick, Principal R. A. Duell, Prof. Alfred E.

Whitford, Mrs. Dwight Clark and Mrs. Flora Rice gave addresses of welcome of five minutes. Business on Thursday. Thursday morning was given up to business with a board meeting and the devotional exercises led by Mrs. Carrie Pitze, and at noon by Mrs. L. G. Cichpole. In the afternoon there was more business and an address by Edward Lynde, of Madison.

Janesville Golfers Swamp Beloit Wednesday, 54-23

JANESVILLE MEN WIN ALL BUT EIGHT OF DAY'S GAMES

In the last, intensely matched of the season, the golfers of the Janesville Country club handed the Beloit Country club a thrashing of 54 to 23. Twenty-seven Gateway City players took a turn around the course, with an equal number of local men.

The Beloit men were unable to do much against the locals. Only eight of their players won matches.

Minor Changes Mark Grid Rules

New York.—College football, without any of the radical changes made at the close of last season by coaches and experts, will open its 1921 season in another fortnight. Practice has been started by college squads all over the country and the first round of the college season is now being played at Orono, Sept. 17 when the University of Maine meets the Soldiers from Fort McKinley.

Only a few minor changes have been made in the official intercollegiate rules.

One of the principal changes provides that in the event of the scoring of a safety, the ball in play by scrimmage from first down, at any place on its 30 yard line. After a touchback, the ball still will be put in play on the 20 yard line.

Penalty for Roughness.

In rule 23, section 5, a sub-division has been made. Division A provides that the offense of tripping, kicking, or fouling, or throwing the player to the ground after the ball is down, or any other unnecessary roughness, shall be penalized 15 yards from the spot of the foul. Division B provides that unnecessary running into or diving into or throwing one's self against a player obviously out of play, either before or after the ball has been declared dead, or unnecessary roughness, may be deemed as unnecessary roughness for which the penalty is loss of 15 yards from the spot where the ball was put in play.

In rule 4, section 4, it is made clear that in the event of a fair catch being made after the expiration of time, only the kick shall be allowed. If the period shall end on a ball in play, the kick shall be allowed.

Legalizing Tossing Coin.

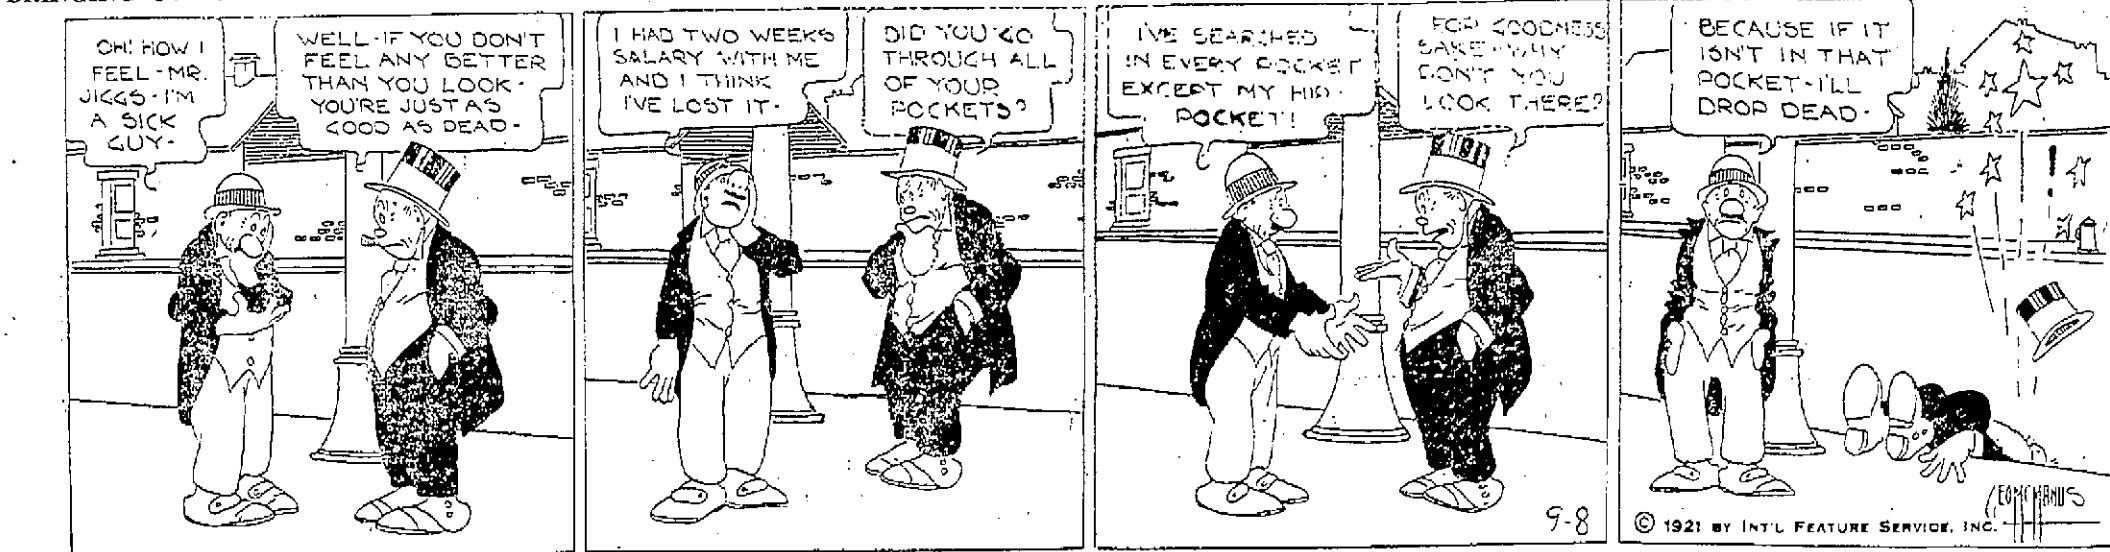

Rule 6, section 13, has been changed so that the ball is declared dead when the forward pass becomes an illegal pass so that the rule covers both incomplete and illegal passes. A custom which has governed the toss for a coin or kicking at the beginning of a game has been legalized by a change in rule 7, section 1. This now provides that the referee shall toss a coin and designate which of the two captains shall call, and that the choice has been made, it is irrevocable.

In rule 9, section 5, an addition has been made providing for a penalty of five yards if more than one man of the attacking side is in motion at the moment the ball is put into play, the penalty to be measured from the spot where the ball was put into play.

Rule 14, section 7, now reads that if at the kick off the ball goes out of bounds before it crosses the goal line, it shall be brought back.

In rule 17, section 2, having to do with the forward pass, the word "pass" has been substituted for "pass" technical revision. A few other changes of little consequence from the spectators standpoint, also have been made.

BRINGING UP FATHER

Net Meet Doubles Drawn; Newman Surprises Daland

With 13 teams entered, drawings for the doubles event of the tennis tournament being held here under the auspices of the Janesville "Y" Tennis club, were made Wednesday night by the games committee composed of C. A. Patton, Merrill Newman and H. H. Persons. Drawings for the consolation event in which the losers in the preliminary and first round of the singles will play to decide who shall win the cup offered as the prize were also made.

There are several strong contenders including Chad Newman, Robert Cunningham, Robert Burdick, H. H. Severson, and Richard O'Brien.

Owing to the odd number of those in the doubles tournament, three teams drew a bye in the first round. The following is the lineup for the doubles:

(a) Rev. R. C. Pierson-F. L. Rimbach vs. R. O'Brien and Ed. Allen.
(b) George Bennett-M. Newman vs. K. Schmitt-L. Lloyd.
(c) Henry Tall-Robert Toulon vs. by.

(d) Severson-Kneeland vs. Daland-Burke.
(e) Rimbach-Persons vs. by.
(f) Cunningham-D. Bolles vs. Burpee-C. Bennett.
(g) Miller-Cassidy vs. Patton-McKalg.

(2) Newman-Craper vs. by.
Winner of A plays B winner; C plays D winner; E plays F winner; H plays G winner, for second round.

Drawings for the consolation singles event are as follows:

Preliminary Round.
Tall or McKalg vs. Hubert Roy.
Roy vs. J. Lloyd.
J. Lloyd vs. Chad Newman.
F. Patton vs. William Kerst.
R. Jacobs vs. R. O'Brien.
C. Bennett vs. F. L. Rimbach.
R. Toulon vs. Jean Harvey.
Robert Burdick vs. H. E. Drew.
George Kneeland vs. winner of Tall or McKalg vs. Hubert Roy.

(3) Newman vs. Robert Bolles.
H. H. Severson vs. Robert Bolles.
Leo Powers vs. Robert Cunningham.

Newman Rimbach Daland.

As was planned by the games committee, all the matches in the first round singles tournament were played by Wednesday night and the tournament is well under way. C. A. Patton playing Wednesday night advanced into the round before the semi-finals in the upper bracket by defeating Ted Guiley 6-0, 6-2.

Feature of the playing Wednesday was the splendid showing made by Chad Newman against A. K. Daland of Milton. Daland won the first set easily, 6-1, due partly to stage fright on the part of Newman. Daland had the second set nearly won when Newman exhibited a spurt of speed and won four games straight but lost the set 6-4. Newman is considered as one of the coming stars of the club and his playing is an indication of what practice will do. He started playing only last year.

Miller Defeats Burdick.

I. G. Miller, one of the staidest players of the club, put out Robert Burdick, Daland's running mate, in the first round match by the same score by which Daland won, 6-1, 6-4. Henry Tall won by default from H. H. Severson, in the first round.

Playing has narrowed down to so few a number of matches that an observer may predict who will play in the semi-finals. Merrill Newman plays George Burpee and the winner of this match plays Kneeland. The winner of this match then plays the winner of the Burpee-Patton match which puts the winner in the

Girl Finishes 153 Mile Swim

New York.—Completing a 153-mile swim begun at Albany last Friday, Miss Milla Gage, 23 years old, swimming instructor at the New York State Women's Christian association, arrived at Battery Park at 10:57 o'clock Thursday morning. A launch and a rowboat accompanied her down the Hudson and she slept and ate aboard the launch.

She left Albany at 9:30 o'clock last Friday morning and covered, including detours, approximately 153 miles. She was in the water 65 hours and 35 minutes.

FIREFIELD BOYS WIN LOCAL GOLF CONTESTS

The name of Firefield entered largely in the results of the Labor Day contests at the Janesville Country club. According to announcement made Thursday by R. N. Jacobs of the games committee, Robert Firefield was the winner of the approaching contest and Elbridge (Mike) Firefield won the putting contest.

Honors in the one day tournament held on Labor Day at the Janesville Country club went to Elbridge Firefield. Announcement to this effect was made Thursday. Firefield won out of a field of 20.

SUMMON WILSON TO EXPLAIN SLOW BOUT

[By Associated Press.]

Jersey City, N. J.—Johnny Wilson of Boston, holder of the middle-weight pugilistic belt, was summoned to appear before the New Jersey boxing commission Thursday to explain why he did not put up a stiff battle in his Labor day match with Bryan Downey, Cleveland.

The commission ordered Tex Rickard, promoter, to hold up Wilson's \$25,000 share of the purse pending the hearing. Wilson has lost it because he intends to bring court action to obtain the money in the event the commission decides to hold it up, permanently.

FLATVILLE WINS.

Gallena, Ill.—Flatville won from Darlington on Wednesday at the Gallena fair, 8 to 4.

A mechanical hammer that has been invented for a number of purposes can deliver 120 blows a minute.

5 More Bowlers Join Local Ranks

Five more bowlers who want to get into the city league this season have come to the front, making the total of new blood reach the figure of 18. Those who announced their intentions Wednesday are Kelsey, Koster, Noyes, J. E. VanDusen and C. F. VanDusen.

In order to aid the committee which is working out a set of teams based upon averages, those men who do not plan to compete this year are asked to inform Dr. S. F. Richards, 225 West Milwaukee street, of this fact.

The committee is now at work making up the teams and will have them ready by Saturday. It is planned to send a mimeographed copy of the list of teams to every bowler so that he may have time to look it over and make suggestions at the next meeting of the association which will be held at the City Hall next Wednesday night.

BENNETT DEFEATS COLLEGE CHAMP DALAND

The most exciting set of tennis played here this season took place on the "Y" courts Wednesday when George Bennett came from behind and defeated A. K. Daland, 12 to 10. It was a pyramid match in determining the best man of the "Y" net club. Daland had Bennett, 5 to 2, when the latter let out and made it five all. Duce games followed with victory going to Bennett in the highest score ever played here. The match had to be postponed until a later date on account of the regular tournament.
